Cleveron *501*

> ## An outdoor parcel robot for grocery pickup

Cleveron *501*

CLEVERON

> **Controlled temperature zone** – a single temperature unit with an adjustable internal temperature between +2 ˚C ... +25 ˚C (+36 ˚F ... +77 ˚F)

> **Optional temperature zone** – an extra low-temperature zone with a controlled temperature of -18 ˚C (0 ˚F)

> **Compact size** – can be operated in areas where retail space is scarce or expensive

> **Easy installation** – factory tested, easy to transport and install

> **Customizable design** – the outer walls can be branded, used for advertising or designed to match the surrounding environment

> **User experience** – fast and easy parcel handout guarantees an enjoyable user experience

> **Adaptable software** – easily integrated through public API

> **Full service** – worldwide full life-cycle support

TELAID®

CLEVERON

How does it work?

1. The unit operator identifies himself at the user console and selects the loading mode

2. Cleveron 501 brings an empty crate to the console. The operator replaces the empty crate with a crate containing the order and selects the storage zone. Cleveron 501 stores the crate in the allocated space

3. The end-user gets notified and receives the pickup code

4. The end-user scans the code at the user console and Cleveron 501 will deliver the order crate within seconds

5. The end-user will collect their bags from the crate

Front view   Side view

Cleveron 501 M1

Maximum hold	120 crates
Width	8.5 ft
Depth	23.6 ft
Height	11.5 ft

Crate size: W 23.6 inches x L 15.7 inches x H 10 inches

> Cleveron 501 can be installed as a stand-alone unit or multiple units side by side

Cleveron 501 L1

Maximum hold	330 crates
Width	8.5 ft
Depth	42.6 ft
Height	11.5 ft

> Our parcel robot can service end-users 24/7

About Telaid

Telaid has a consistent track record of delivering even the most complex technology projects on time and on budget. For nearly 40 years, technology integrator, Telaid, has served its clients by deploying excellence and exceeding expectations. Flexible and resourceful, Telaid is a single provider of rapid deployments, cradle-to-grave technology solutions, wireless and physical security.

Telaid can handle your complex, enterprise rollouts.
